TECHNICAL DIAGNOSTICS

ASTANA
Powerexpo

26-27 April 2018 • Kazakhstan, Astana, Korme Exhibition center

LIST OF EXHIBITORS:

POWEREXPO ASTANA

MACHEXPO KAZAKHSTAN

NDT KAZAKHSTAN

KAZAKHSTAN:

KAZAKHSTAN REGISTER		The main objective of this public institution is to create a mechanism for sectoral insurance of the activities of entities with the subsequent transfer of a part of government functions to the sphere of self-regulation.
NILED KAZAKHSTAN, LLP		Leading expert in the field of production of linear fittings for self-supporting insulated wire and development of construction technologies for overhead lines with self-supporting insulated wires.
AST-TECHNOSERVICE, LLP		The main direction of the company is sales, warranty and post-warranty repair, installation and maintenance of products of the largest Russian plants.
KOBOLD INSTRUMENTS, LLP		Leading company in the field of industrial measuring and control equipment for measuring flow, pressure, level and temperature.
CNCO KAZAKHSTAN, LLP		The main activity is an Inspection Services of quality control of welding joints in metals, non-corrosive steels and polyethylene combinations.
TRASTINVEST ASTANA, LLP		The company is the representative of the largest Russian manufacturers of equipment for construction, road-building, mining, grain processing, and food industry.
TREST SREDAZENERGOMONTAZH		Construction and assembly company, specialized in production facilities, also carrying out the functions of managing companies in the fuel and energy sector in the construction of CHP plants, installation, repair and reconstruction of heat power equipment.
INSTITUTE OF AUTOMATION		Complex solutions for telemechanics. We carry out design, produce and supply equipment, perform installation, adjustment and maintenance of telemechanics devices.
OMNIS KZ (ОМНИС КЗ), TOO		Omnis is one of the most active and attractive participants in the lighting market. Favorable lighting. RELIABLE, FUNCTIONALLY, AVAILABLE. OMNIS
UNION OF MACHINE BUILDERS OF KAZAKHSTAN		A voluntary association of legal entities established for the purpose of coordinating actions, representing and promoting interests, as well as joint activity in the market of requirements for engineering products, works and services in the Republic of Kazakhstan.
WORLDSKILLS KAZAKHSTAN (JSC "Holding "Kasipkor")		WorldSkills is the international non-profit movement, which aimed to increase the prestige of blue-collar jobs and to develop professional skills. WorldSkills has a direct impact on the growth of vocational education worldwide: from traditional crafts to multidisciplinary professions of manufactory and service industries in the 76 participating countries.

RUSSIA:

 <p>FIZPRIBOR IC</p>		<p>The company specializes in the development and is the manufacturer of devices for ultrasonic nondestructive testing. It is the only manufacturer in Russia of equipment for metrological verification of ultrasonic flaw detectors.</p>
 <p>SVERDLOVSK WORKS OF CURRENT TRANSFORMERS</p>		<p>The company is dynamically developing enterprise, with long history and rich experience in transformer's manufacturing.</p>
 <p>ISKROLINE GROUP OF COMPANIES</p>		<p>The company is engaged in the development, production, sale and servicing of optical emission spectrometers with sources of spectra excitation based on various types of discharges (spark, arc, HF, microwave, laser).</p>
 <p>EKF</p>		<p>EKF is one of the leading manufacturers of highest quality low-voltage electric devices. The company's output comprises a range of 6 000 items in 10 product groups. EKF is active in more than 15 countries worldwide - the company is involved in ambitious expansion in new markets.</p>
 <p>INCOTEX ELECTRONICS GROUP</p>		<p>The company produces more than 800 types of diverse products and exclusively own development, which are created in R & D divisions.</p>
 <p>ELECTROTECHNICAL FACTORIES "ENERGOMERA", JSC</p>		<p>A subsidiary company of JSC "Concern Energomera", that works in one of four Concern's business segments – electrotechnical instrument engineering.</p>
 <p>MATRICA, LTD.</p>		<p>The company is one of the leading Russian manufacturers of modern multifunctional electricity meters and additional equipment for electricity metering systems, which are not inferior in quality and functionality to the best world samples.</p>

CZECH REPUBLIC:

 <p>STARMANS ELECTRONICS</p>		<p>Designs and manufactures the most progressive and innovative equipment, which is used for non-destructive testing.</p>
 <p>TOSHULIN, a.s.</p>		<p>During its existence, the company has supplied more than 13 500 processing machines to 60 countries of the world, and its purpose is to continue and develop cooperation with Czech and foreign customers.</p>
 <p>TOS KUŘIM – OS, a.s.</p>		<p>Since its foundation, it has pioneered the introduction of new technologies, and the company's trademark has become a global symbol of reliable and accurate machines with a long service life.</p>
 <p>ČKD BLANSKO – OS, a.s.</p>		<p>The expansion of TOS KUŘIM's production facilities allowed the production of the ČKD BLANSKO-OS subsidiary to be rescheduled. Because of the merger of the two companies, it is a unique manufacturing enterprise with a wide range of offered machines and powerful technical equipment.</p>

UZBEKISTAN:

 <p>UZBEKCHIMMASH PLANT</p>		<p>A leading chemical machine building enterprise. The main type of equipment due to past-war time was chemical equipment and turbo compressors.</p>
